

A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times. How can Brown's Iron Bitters cure everything? Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe it. Physicians recognize it as the best restorative agent known to the profession and inquiry of any leading chemical firm will substantiate the assertion that there are no preparations of iron that are of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found. The teeth cause headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures indigestion, biliousness, weakness, dyspepsia, malaria, chills and fever, tired feeling, general debility, pain in the side, back or limbs, headache and neuralgia—for all these ailments iron is prescribed daily. BROWN'S IRON BITTERS, not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of its action is increased energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular; and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it. The Genuine has Trade Mark and crossed red lines on wrapper. TAKE NO OTHER.

GENERAL CHAS. P. STONE. SUDDEN DEATH OF THE MAN WHO BUILT THE PEDESTAL.

The Life of the Great Soldier and Engineer Suddenly Brought to a Close at His Home in New York—A Brief Sketch of His Remarkable and Eventful Life.

LIEUT. GEN. CHARLES P. STONE.
NEW YORK, Jan. 26.—General Charles P. Stone, the famous soldier and engineer who built the pedestal of the Statue of Liberty, died suddenly at his home in this city at 1:30 o'clock yesterday afternoon. He was attacked with pneumonia a few days ago, but no one supposed that he was in the slightest danger of death. He had been preparing to go to New Orleans, and in fact his trunk was packed when he was taken ill and went to the bed from which he never rose.

Gen. Stone was born in Massachusetts and entered West Point as a cadet in July, 1841. After his graduation he served in the military academy as professor of history and ethics, and was stationed at Fort Monroe, Virginia, during the Mexican war, but was engaged during the siege of Vera Cruz. He was breveted first lieutenant in 1847 for gallant and meritorious conduct in the battle of Molino del Rey, and was honored again for the same reason and breveted captain after the battle of Chapultepec.

In 1856 he resigned from the regular army and moved to San Francisco, where for two years he was engaged in banking, and two years later became chief of the scientific commission in the service of the Mexican government. When the civil war broke out he again joined the army, and served as inspector general of the District of Columbia volunteers, and was active in the defense of the city of Washington. After taking part in the capture of Alexandria, Va., in 1861, he was appointed brigadier general, and commanded a brigade during Gen. Patterson's operations in the Shenandoah Valley. He was imprisoned at Fort Lafayette in 1862, for alleged misconduct in the field. He was confined for several months without any charges having been preferred against him. He was released on August 16, 1862, and no explanation was ever made to him by the government for his long confinement.

In his recent work J. G. Blaine refers to the imprisonment of Gen. Stone at considerable length, and characterizes it as the most unjust conduct on the part of the government officials. After his release he served in the siege of Fort Hudson, and was one of the commissioners to receive its surrender, and as chief of staff of Maj. Gen. Banks was engaged in the skirmish of Bayou Teche and the battle of Sabine Cross Roads. He was mustered out of the volunteer service on April 4, 1864, and while waiting for orders was given command of the Fifth army corps before Petersburg in the following August, and retained command until after the surrender in September, 1864. He resigned from the army on September 13, 1864, and took up his residence in Virginia.

Gen. Stone was engineer and superintendent of the Denver Mining company, of Goochland county, Virginia, from 1865 to 1869. He was appointed brigadier general (chief of staff) in the Egyptian army, March 30, 1870, and ferik pasha (grade next to field marshal) September, 1873. He was inspector general, ex-officio, of the Egyptian military schools, many of which he organized or reorganized since 1870, and in 1871 was general aid de camp to the khedive. For his valuable services he was decorated commander of the Order of Ormanieh, October, 1870, and grand officer of the Order of Medjidieh, January 24, 1875. He was elected member of the Egyptian institute in 1872, and made commissioner of frontier and coast defense in 1873, of the superior commission of agriculture in 1878, and the board of senior generals to form a new conscription law in 1877. He was vice president of the commission to organize an Egyptian section for the international exhibitions at Vienna in 1873, at Philadelphia in 1876-78, and Paris in 1878, and of the Khedival Society of Geography in 1875.

When England planned her Egyptian campaign Gen. Stone was offered the command of the forces to be sent to the Sudan. He declined because the war commission would not allow him the 27,000 men he asked for and deemed necessary for the undertaking. Strong pressure was brought to bear on him to manage the campaign against El Mahdi, but he predicted just what happened to Gen. Stewart's forces because of the smallness of the numbers.

The American committee was organized at a meeting of the Century club in 1874, and that committee formed an executive committee, of which Gen. Stone was appointed engineer-in-chief. In 1877 the United States government turned the control of Bedloe's Island over to this committee. From the time of his appointment as engineer-in-chief until the completed Statue of Liberty was accepted by the president, Gen. Stone was in constant personal charge of the construction and of the pedestal and statue.

Imprisonment for Life.
PARIS, Ky., Jan. 20.—John Henry Wrenn, who murdered an old man named William Ross, near Millersburg, several months ago, was taken to the penitentiary under a life sentence. The case was strongly argued before the court of appeals, but they affirmed the decision of the lower court.

SUICIDED IN A CELL. Being Locked Up Did Not Prevent Boyd Linki From Taking His Life.

WILKESBARRE, Pa., Jan. 26.—Boyd Linki, believed to be a Polisher, committed suicide in the lockup at Nanticoke about 2 o'clock this morning. Linki came from Massachusetts last Tuesday and went to a hotel. He seemed to have plenty of money and spent it freely. No one knew anything about him. He was well dressed, spoke English fluently and was a man of intelligence. He drank very hard and on Sunday had a kind of delirium. He was rational enough, but seemed bent on committing suicide. He tried to borrow a pistol or razor and tried to jump out of the window. He was then locked up in the station house for safe keeping. For several hours he remained perfectly quiet.

Some of the occupants were drunk and were singing with all their might. Suddenly some one called out: "He's going to hang himself," and instantly every eye was fastened on Linki's cell. Linki was seen standing on a chair, close by the door. He had taken off his coat, vest and suspenders. The latter he had firmly knotted on the top bar of the door, and when seen was engaged in fastening the other end around his neck. For an instant a dead silence reigned in the lock-up, while every prisoner in the cells watched the desperate man with fascination. Linki seemed perfectly cool, and as he adjusted the knot around his neck, he called out: "I'm going to God," and kicking the chair away, he swung at the end of the short line.

The other prisoners shouted at the top of their voices and called frantically for help. Some threw themselves against the iron bars in futile efforts to break them down, but they were utterly powerless. Linki slowly died from strangulation. He could easily have saved himself by clinging to the iron bars, but made no effort. Soon his body swung there motionless. The prisoners continued their cries for help, but it was more than an hour before any one responded. An officer then came in and cut down the body, but he was dead. No papers giving any information about him were found on the dead body, but in the inside vest pocket was \$380 in gold.

OHIO APPOINTMENTS.

W. S. Cappelle Made Railroad Commissioner—Other Gifts from the Governor.

COLUMBUS, O., Jan. 26.—W. S. Cappelle, of Hamilton county, was appointed commissioner of railroads and telegraphs for two years from March 8. He was confirmed, twenty Republicans voting aye, and six Democrats nay, the others declining to vote. Governor Foraker also sent to the senate for confirmation the name of Senator S. E. Kemp, of Montgomery county, to be superintendent of insurance for three years from the 3d of June, 1887. He was confirmed unanimously.

Leo Hirsch, of Franklin county, editor of the Columbus Sontagtagg, was appointed and confirmed as supervisor of printing for two years from April 13. Senator Kirchner, of Hamilton county, has introduced a bill which will allow certain gentlemen in Cincinnati to incorporate to improve property in the Millcreek valley. It is understood that they are ready to begin business as soon as this bill becomes a law.

Steel and Iron Works Fire.

BOSTON, Jan. 26.—The entire roof of the 300x100 brick two and a half story main building of the Norway Steel and Iron company's works, at South Boston, was discovered to be on fire at 10:50 o'clock last night. The flames were confined to the upper stories. The structure contained two large Corliss engines, one of which was destroyed and the other badly damaged by water. The plate mills, one bar mill, a merchant mill and a softening furnace were badly damaged, and the giant shears were ruined. The loss on machinery will aggregate \$25,000; on the building \$3,000, and \$4,000 worth of plate and bar work is rendered worthless. Buildings and contents fully insured.

A Small Cyclone in Virginia.

DANVILLE, Va., Jan. 26.—This city and vicinity was visited last night by something like a cyclone. The wind came from the southwest at 1 o'clock, and swept over the city like a western tornado. Three houses were turned entirely over, the timbers scattered all over the ground, furniture broken up and hardly one timber left standing on another. There were thirteen people in one of these houses and not one was hurt. In another part of the city trees and fences and several small houses were blown down, but no serious damage was done. The wind was accompanied by torrents of rain. The weather was very warm, but to-night it is clear and cold.

Investigating the Black Cod Fisheries.

OTTAWA, Ont., Jan. 26.—Some months ago the Dominion sent an expedition to the fishing banks of British Columbia to ascertain the extent to which the black cod fisheries could be carried on. The result was not very satisfactory, and before encouraging the destitute fishermen of Newfoundland to emigrate to British Columbia, an other expedition will be sent out this year. The cod off British Columbia which are supposed to be equal to the Atlantic cod, are reported to be very inferior. The flesh is dry and tasteless, owing to the warm temperature of the Pacific.

Just Like Melican Man.

OTTAWA, Ont., Jan. 26.—An interesting suit promises to result out of the recent eviction of 250 Chinese out of the Van Couver British Columbia. These men were brought in from Victoria to work on a certain contract, but were driven out of town by the citizens and sent back to Victoria. As a test case one of the injured Chinamen has entered a suit against several prominent residents who took part in this eviction, laying damages at \$5,000, which it is believed he will recover.

The Outing Wrecked.

JACKSONVILLE, Fla., Jan. 26.—The yawl Outing on which Capt. F. A. Cloudman left St. Augustine on the 12th instant on a voyage around the world, was wrecked in a storm on Tuesday last on the Florida coast, a few miles north of Jupiter inlet. Capt. Cloudman and the mate, George Miller, saved themselves from being submerged with the boat by using kerosene oil which stilled the waves. The boat and everything in her was lost.

THE SENATE AND HOUSE. PROCEEDINGS OF THE TWO LEGISLATURES AT WASHINGTON.

Hon. Charles Farwell Takes the Oath of Office to Fill Out the Term Made Vacant by the Death of Senator Logan—The Senate Discussing Woman Suffrage.

WASHINGTON, Jan. 26.—Hon. Charles B. Farwell, of Illinois, took the oath of office and assumed his duties as United States senator.

Mr. Plumb in presenting a petition relating to the District of Columbia, took occasion to state that he was in favor of suffrage in the District, and of making Washington the best illustration of the Republican idea of self-government.

Mr. Hale's credentials for the full term beginning March 3, were presented by his colleague, Mr. Frye, and placed on file.

Mr. Allison presented the conference report on the army appropriation bill. The total amount appropriated in the bill is \$23,734,718.

Mr. Hawley took this opportunity of inquiring as to the status of the fortification appropriation bill.

Mr. Dawes explained that several meetings of the conference committee had been held, and that there was some prospect that in some shape there would be an agreement at an early day.

The differences which existed appeared to be radical. They seemed to be between doing nothing and appropriating five or six millions to begin the work. There seemed to be a lack of confidence on the part of some of the house conferees in those who would have to execute the law. The conference report on the army appropriation bill was then agreed to.

The conference report on the bill providing for allotment of lands in severalty to Indians of the various reservations, and to extend the protection of the laws of the United States, and of the territories over the Indians, was submitted. Debate ensued, during which Mr. Dawes explained that under the bill, as soon as the individual Indian took up his allotment, he was to have a patent, which patent would be held by the government for twenty-five years, at the end of which time he was to get a patent in fee.

The conference report was agreed to. The senate, by a vote of 25 to 16, has taken up the constitutional amendment granting the right of suffrage to women.

House.

WASHINGTON, Jan. 26.—Mr. Hiseock, of New York, who returned to his seat in the house to-day, was the recipient of warm congratulations from his numerous friends.

The speaker this morning signed the interstate commerce bill.

The Rhode Island contested election case of Page vs. Pierce was taken up.

The report of the majority of the committee declares the seat vacant, and the minority resolutions confirms the right of Pierce to the seat.

New Five Dollar Silver Certificate.

WASHINGTON, Jan. 26.—The treasury department has received the first impression of the new five dollar silver certificate. It has a portrait of President Grant on its face, and on the back a group of five silver dollars. The back is the most artistic yet produced by the engraving bureau.

National Bank Circulation.

WASHINGTON, Jan. 26.—The senate finance committee proposes to take up for consideration as promptly as possible the funding bills in reference to National bank circulation.

Bills Awaiting Cleveland's Signature.

WASHINGTON, Jan. 26.—The president has received the electoral count bill, but has not yet received the interstate commerce bill, or acted upon the Mexican pension bill.

Miss Van Zandt Draws the Line There.

CHICAGO, Jan. 26.—Yesterday the daily papers contained advertisements to the effect that one of the museums would exhibit a wax figure of Miss Van Zandt.

She achieved notoriety owing to the announcement that she intended to marry the Anarchist Spies. The figure was placed on exhibition in the morning. In the afternoon attorneys for Miss Van Zandt obtained an injunction restraining the exhibition.

Ohio Man Arrested for Embezzlement.

ST. LOUIS, Jan. 26.—Sheriff James Ferguson, of Wyandotte, Kan., passed through this city yesterday with a prisoner, Ed Gilroy, of Charleston, O., whom he had arrested at the latter place on the charge of embezzling \$10,000 from his employers, Campbell & Co., dealers in cattle at Chicago, Kansas City and St. Louis. It is charged that about a year ago he was sent out with \$10,000 to purchase cattle for the firm, but since that time he has made no purchases, nor has the firm heard anything from him. Detectives were put upon his track and he was arrested Saturday. He will be taken to Wyandotte to answer the charges against him.

Illness of Mayor Hewitt.

NEW YORK, Jan. 26.—Ex-Mayor Cooper says that his brother-in-law, Mayor Hewitt, is a very sick man, though by no means dangerously so. He is suffering from sciatic rheumatism and unable to move even about his house. On Saturday when Mr. Cooper visited him he was lying on a sofa to which he had been carried from his bed. He will not be able to leave his house for some time.

New Locks on St. Stephen's Church.

NEW YORK, Jan. 26.—Father Donnelly had new locks put on St. Stephen's church yesterday, and with the aid of sixty policemen, prevented a meeting of Father McGlynn's sympathizers there last night.

MacDonald Not Insane.

OTTAWA, Ont., Jan. 26.—The official government organ denies that Premier MacDonald is in danger of becoming insane, but says his health is quite bad.

ARCHBISHOP CORRIGAN. He is Interviewed on Davitt's Speech and Cardinal Simeoni.

NEW YORK, Jan. 26.—A reporter called at the archiepiscopal palace and obtained an interview with Archbishop Corrigan as to his views of Mr. Davitt's speech. He said that he did not desire to discuss Mr. Davitt's speech at length, but he desired to enter a protest against the attack on Cardinal Simeoni. "The cardinal," he said, "is the holy father's secretary."

What he does is done under the direction of the pope himself. Consequently to attack the cardinal is equivalent to attacking the holy father. Mr. Davitt might just as well have attacked him as his secretary. Hence I must emphatically protest against such an attack.

Friends of the archbishop are indignant at what they consider Mr. Davitt's implied thrust at him, when he said that if Dr. McGlynn had not been in strong sympathy with the Land League, he might now be archbishop of New York. They say that Archbishop Corrigan was most ardent in his sympathies with the Irish cause. He allowed Land League meetings to be held in the basement of his church, and gave money freely in support of the movement.

ANOTHER WRECK AT TIFFIN.

A "Kink" in a Rail Causes the Death of a Fireman on the Ohio Central.

TIFFIN, O., Jan. 26.—Another fatal railroad wreck was added to the list in this section yesterday, this time the Ohio Central being the victim, and the loss will foot up \$10,000. The wreck occurred about forty rods east of Taylor's Inn, a chasm sixty feet deep, and was caused by a "kink" in a rail. The train No. 12, which left Toledo about 1 p. m., and consisting of engine, baggage and express cars and one coach, struck the defective rail about thirty miles out, while running at the rate of fifty miles an hour, and the whole train was instantly thrown from the track, overturning the cars and throwing the engine on its side in the ditch.

The engineer, Mike Winkiefoos, stuck to his engine and escaped unhurt. The fireman, Louis Cassner, jumped as the engine struck the "kink," and was caught between the tender and baggage car and horribly mangled. He was unmarried and resided at Indianapolis. There were fifteen passengers in the coach, and although it turned completely over and plowed up the track for ten rods, with the exception of a few bruises and one sprained wrist, they all escaped.

The stoves in the coach and express cars were bolted to the floors and the doors securely fastened, which precaution prevented another holocaust. The wreck was so complete and serious that, although a large force of men were employed, they did not get the track clear until 5 o'clock this morning.

THREE COMETS IN FIVE DAYS.

Fresh Discoveries in the Heavens—One Will Become Very Bright.

BOSTON, Jan. 26.—A cable message received yesterday from Dr. Krueger, of the European Union of Astronomers, announces the discovery of a comet on January 18, by Dr. Thorne, director of the observatory at Cordova, South America. The comet, which is probably the same observed three days later at Melbourne was in the constellation Grus (the crane). Dr. Thorne announces that it will become very brilliant, and that it resembles in character the great comet of 1850, which was first announced by Dr. Gould, then director of the same observatory.

Will Become Very Bright.

ROCHESTER, N. Y., Jan. 26.—Dr. Swift, of the Warner observatory, yesterday received a telegram from Professor E. E. Barnard, director of Vanderbilt University observatory at Nashville, Tenn., announcing the discovery of another comet by him in Cygnus. At 6 o'clock a. m. its position was right ascension nineteen hours, seven minutes and forty-eight seconds; declination north twenty-five degrees twenty-four minutes. It is moving very slowly to the east. Three comets have been discovered within five days. The southern comet is going to be very bright.

Sullivan and Cardiff to Meet Again.

ST. PAUL, Minn., Jan. 26.—The Sullivan combination arrived in St. Paul to-day, en route east. Sullivan carries his left arm in a sling, the result of his recent fight with Patsy Cardiff. This afternoon John Donaldson, Cardiff's representative, and Pat Sheedy, representing the champion, met at the Merchants' hotel and signed articles of agreement for another meeting between the men, the winner to take 75 and the loser 25 per cent of the gate money. The last time Sullivan received 75 per cent, notwithstanding the result was a draw. It will be a six round contest and will occur as soon as Sullivan's arm recovers. The place is to be named by Sheedy.

No Change in Indiana's Deadlock.

INDIANAPOLIS, Ind., Jan. 26.—There is no change in the political situation here and a result will hardly be reached very soon. However, there is a small possibility that Governor Porter may be substituted for Gen. Harrison. This could but result in a tie. It is also said that the author of the compromise has the unqualified approval of Gen. Harrison. Lawrence and Jackson counties have sent in a protest against the firing of their senator. The most important bill introduced yesterday in the senate was to amend the law of murder so that if the person convicted be found to have killed the seducer of his wife, daughter or sister, he shall be deemed guilty of a misdemeanor only and shall be fined in any sum not exceeding \$1,000.

Jail Delivery.

CARLISLE, Ky., Jan. 26.—William Macklin, who has been here in jail for ten days, for carrying concealed weapons, was arrested yesterday on a warrant from Covington, for grand larceny, and an officer was expected here to-day to get him, but he broke jail last night, along with a negro, Henry Hutsell, who was in for house breaking. Macklin is the fellow who robbed Eckles, in Covington, last month, of \$150.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY EVE., JAN. 26, 1887.

THE Governor has remitted the fine and imprisonment of Tom Wood, of Fleming County, convicted of carrying concealed a deadly weapon. The court convicts, and the Governor remits.

A HANGING recently took place in Wayne County, and the Signal says the Sheriff made big money out of it by selling tickets to the inclosure at \$5 each. It's an "ill wind that blows no one any good."

ALL interest in the Senatorial contests has centered on the struggle in Indiana and New Jersey. Governor Bate has won in Tennessee, and Camden will come out winner in West Virginia.

SENATOR BECK proposes to push his bill to prohibit Congressmen from acting as attorneys for railroad corporations. It is conceded pretty much on every hand that the measure is a wise one, and it is to be hoped that it will become a law.

"REDDYGORE; or, the Witch's Curse," Gilbert & Sullivan's latest comic opera, has been enthusiastically received in London. Their operas have been universally popular, and "Reddygore" promises to have as great a run as "The Mikado."

THE papers at Cincinnati continue to agitate the natural gas question. The opinion is growing that the Queen City can't get along very well without it, if she wants to keep up with the times. The wells in Eastern Kentucky may be drawn upon for the supply after all, if the proposed plan at Cincinnati is ever carried out.

THERE is a prospect of the relations between this country and Great Britain becoming rather strained over the "fisheries question." Judging from the tone of the distinguished Senators at Washington, England has violated her treaty long enough. The news pleases the Cincinnati Enquirer, and it shouts, "Let the American eagle scream. Now is the time to annex Canada."

CHATTANOOGA, TENN., is enjoying a wonderful boom. Two million dollars worth of lots between that city and Missionary Ridge changed hands in one week recently, and other property is said to have advanced 100 per cent. A citizen of Georgetown, Ky., has invested \$30,000 down there, and the man who stepped in at the right time will come out rich in a few months.

THE publication in last Saturday's Republican of an article intended to degrade Mr. G. S. Judd in public estimation, to injure him in his business, and to wantonly wound the feelings of his family and the excellent people near to him, his name being withheld solely to screen the writer and publisher from just personal responsibility, exhibits the character of the editor of that paper in its true and very best light.—Eagle.

Loss of Flesh and Strength, with poor appetite, and perhaps light cough in morning, or on first lying down at night, should be looked to in time. Persons afflicted with consumption are proverbially unconscious of their real state. Most cases commence with disordered liver, leading to bad digestion and imperfect assimilation of food—hence the emaciation, or wasting of the flesh. It is a form of scrofulous disease, and is curable by the use of that greatest of all blood-cleansing, anti-bilious and invigorating compounds, known as Dr. Pierce's "Golden Medical Discovery."

An End to Bone Scraping.
Edward Shephard, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box by J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

Good Results in Every Case.
D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs: had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all coughs and colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottle free at the drug stores of J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by J. C. Pecor & Co.

AUTUMN.

Shut to the lattice; make it fast;
The wind has turned austere and cold;
And, borne upon the funeral blast,
The first dead leaf's poor corpse behold.

Last month the land was gemmed with sheaves,
And clothed in multitudinous green;
Now, shivering under waning leaves,
The furrows gape, the forests lean.

The year's warm soul, the honest sun,
Is swooning; more and more we see
The silent landscape's skeleton,
The woodland's grim anatomy.

A GOVERNMENT CLERKSHIP.

It is No Place for a Young Man of Education and Ambition.

I recently chatted with a bright young man who holds a second class clerkship (\$1,400) in the war department at Washington. He took the place ten years ago, after having been graduated with high honors from one of the leading New England colleges, intending to thus support himself while studying a profession. His salary at that time seemed large, and he was able to save quite a nugget each year. He studied less and less, and after a few months gave it up altogether. Then he married, and instead of saving anything, it is all he can do to support his family in a very modest way. These are his own words:

"A government clerkship is no place for a young man of education and ambition. Alas! I did not know that when I started in, but I know it now to my sorrow. Such work is well enough for maimed soldiers or for soldier's widows and daughters who have to earn their daily bread; in fact it is a God-send to many such. But let strong, hearty, energetic young men choose almost any other line of work. The work is easy and the hours are from 9 to 4 only, with a half hour for lunch; but it is a treacherous routine and insidiously works upon a man's mental powers until it saps them all up and he becomes no better than a machine."

"The government clerkship accomplishes the destruction of one's mind just as the galleys used to do of the body. I would gladly resign this very day, but what would become of my family? I know absolutely nothing about any profession or business occupation; and were I to start in now I would have to begin at the bottom and work up, and it would be several years before I could earn what Uncle Sam now pays me so regularly. There are hundreds of men in Washington similarly situated. Their ambition is gone, their talents are gone, and all they desire is to hold on to their clerical positions as a drowning man clings to a rope. I want to make a desperate effort, even at this late day, to get into business and be an active worker; but I see no opportunity, and the chances are that I shall continue to be fed with government pay to the end of my days unless I receive the grand bonus when some change occurs in the administration."—Cor. New York Graphic.

Skin-Tight Glove Fight.

NEW YORK, Jan. 26.—A skin-tight glove fight took place last night in a well known up-town dance hall, between Jack Farrell, of Harlem, and Isaac Weir, the Belfast "Spider," before an audience of about fifty sporting men. The fight was for a purse of \$500, and was won by the "Spider" in the seventh round in twenty-seven and one-half minutes. The fight was terribly severe, and when Farrell went down his face was pounded almost to a pulp. Weir struck the prostrate boy as he lay clasping his knees, half dead from the punishment he had received.

Tennessee's Next Senator.

NASHVILLE, Jan. 26.—The long-term senator was elected last night after a long deadlock. The nominee was ex-Governor W. B. Bate, who fought in the Confederate ranks, rising from private to major general. At the battle of Shiloh Bate was dangerously wounded, and five members of his immediate family were left dead or wounded on the field. Mr. Bate is a man of recognized ability throughout the south, but is quite poor.

A Man Devoured by Wolves.

MANISTIQUE, Mich., Jan. 26.—Joseph Armstrong and Frank Holmes, of Pentwater, were hunting near Manistique Saturday. Holmes cut a gash in his leg, and Armstrong, fearing he would bleed to death, went after medical assistance. Within two hours he returned to find a few bloody bones and scraps of clothing, and round about the carcasses of five wolves, which Holmes had killed in his struggle for life. The bones were gathered up and shipped to Pentwater. Wolves are reported numerous and venture some in that vicinity this winter.

Bad Man From Sunny Italy.

LANCASTER, O., Jan. 26.—Joseph Regalotto, one of a gang of Italians working at the Pan-handle stone quarries, east of this city, got into a fight with some railroaders at the depot last night and seriously stabbed Charles Heckler, a fireman, in the side, arm and hip. He also slightly cut ex-Chief of Police Jack Lane, shot at another and escaped.

Burned by a Powder Explosion.

DES MOINES, Ia., Jan. 26.—Last evening while some men were working in a shaft of the Iron Valley mine, a keg of powder exploded with terrible force, hurling them right and left and burning them severely. James McGuire, John Bradley and Thomas Halloran were burned very badly, and will probably die.

The Hush Bank Settling Up.

MINNEAPOLIS, Minn., Jan. 26.—The depositors of the Hush bank held a meeting last night, at which 75 per cent. of the total deposits of \$200,000 was represented, and agreed to a settlement at eighty-five cents, with promise of \$1. Of this 50 per cent. is to be paid in thirty days, the balance in six months. Many of the old depositors take stock in the new State bank, with \$250,000 capital.

Railroad Pool Dissolved.

INDIANAPOLIS, Jan. 26.—The Indianapolis east-bound pool will be dissolved under the provisions of the interstate commerce bill, which has passed the Federal congress. Commissioner Doherty resigned a position that in a few days will be abolished. He has been appointed commercial agent of the Wabash & St. Louis.

Plain Talk from Bismarck.

BERLIN, Jan. 26.—Bismarck addressed the lower house of the Prussian diet yesterday on the war estimates. He declared that Emperor William's powers by the constitution were practically autocratic, and that he need not in reality submit to the reichstag. Bismarck further declared that even the separate bill was a concession when a permanency might have been demanded.

BRIDGET RAY.

REV. FATHER CHARLES will leave this evening for Covington. St. Patrick's parish, of this city, of which he has been assistant priest for the past two years, has presented him with one of H. Lange's handsomest and most valuable gold watches as a token of the esteem in which he is held.

R. F. CORRY, a young druggist of Osborne, Green County, Ohio, is mysteriously missing from his home. The Cincinnati Enquirer says that it was at first thought that Corry was here in Maysville visiting friends, but this is found not to be the case. The young man is addicted to opium eating, and it is feared he has suicided.

JOHN HENRY WREN has been lodged in the penitentiary for life. John Henry killed William Ross at Paris in December, 1885, and his attorneys have been trying ever since to get him out of his trouble, but without success. He is said to be broken in spirit, is losing his mind, and, it is thought, will be a lunatic ere long. Verily, the way of the transgressor is hard.

A MUSICAL and literary entertainment will be given in Mitchell's Chapel, Chester, next Saturday night. Mrs. George Burrows, of Forest avenue, assisted by Mrs. G. W. Sulser, will be in charge. The musical part of the programme will consist of both vocal and instrumental selections, while the literary part will embrace readings and recitations. Admission but 25 cents. The object of the entertainment is to raise a fund to carpet the church, and it is to be hoped that a large crowd will attend.

An Interesting Lawsuit.

An interesting law suit has been filed in the Circuit Court of Fleming County. The style of the action is "Ella Runyon and William Runyon against Robert Couser, Albert L. Wells, Robert Hildreth and David Wilson & Co." The plaintiff Ella Runyon, is a grand-daughter of the defendant Robert Couser, who is a widower about eighty years of age, and the possessor of a snug fortune, estimated at from \$40,000 to \$60,000. Mr. Hildreth formerly resided in this city, and contemplates returning here shortly. Mrs. Runyon and her husband claim that for the past two years her grand-father "has been under the influence of a young woman, Betty Dearing, who has used her influence with the defendant, Robert Couser, to extort from him from time to time various and large sums of money, which she has squandered in frivolous and foolish extravagance. That the power and influence of this woman has steadily grown upon the defendant, Robt. Couser, until he has become thoroughly fascinated by her and helplessly in her power. That this fascination has so grown upon the defendant, Robert Couser, that he has lost control of himself and his affairs, and yields himself up a willing victim to the charms and fascinations of this woman, Betty Dearing, by whom he is systematically drained of large sums of money, which she uses for her own pleasure. That by reason of the defendant Couser's infatuation with this young woman he has brought upon himself such a state of mental imbecility as to render himself incapable of conducting his affairs with common prudence, and renders him an easy victim to his own folly and the fraud of others."

The plaintiffs further claim "that on the 17th day of January, 1887, the defendant, Robert Couser, still under the spell of his enchantment and his infatuation for her, made and delivered to Albert L. Wells his check payable to the order of defendant, Wells, for \$7,000, upon the Exchange Bank of David Willson & Co., in Flemingsburg, Ky., which said check was by defendant, Albert L. Wells, presented for payment at said Exchange Bank on the 17th day of January, 1887, and was paid, and the proceeds placed to the credit of the defendant, Albert L. Wells, the same day, at said Exchange Bank of David Willson & Co. That said check was given to said defendant, Wells, for the use and benefit of the said Betty Dearing, the purpose and object of the parties being to buy from the defendant, Robert Hildreth, a tract of land now owned by him in the western part of Fleming County, Ky., the title to which is to be conveyed to the said Betty Dearing, upon the payment of \$7,000 thus extorted from the defendant, Robt. Couser. That there is absolutely no consideration whatever for said payment of \$7,000, but that it was obtained for the use and benefit of the said Betty Dearing by the exercise of the same mysterious power with which she has for months dominated and controlled the unfortunate defendant, Robert Couser."

In concluding their petition, the plaintiffs pray that "the defendant, Albert L. Wells, be enjoined and restrained from using said \$7,000, or removing it from the bank; that the defendant, Robert Hildreth, be enjoined and restrained from making any conveyance of said land to Albert L. Wells, or Betty Dearing, or any one else in consideration of the \$7,000 involved; that David Wilson, doing business as David Willson & Co., be enjoined and restrained from cashing any check of Albert L. Wells for the said \$7,000, and that upon a final hearing the injunction be made perpetual and a trustee appointed take charge of, manage and control the affairs of the said defendant, Robert L. Couser."

A compromise has been proposed and it is probable that the suit will be amicably settled in a few days.

I offer for sale my house on short street and household furniture. Enquire on the premises during the week. BRIDGET RAY.

For Defendants.

The jury in the case of Charles Downing against Mason County and others, for \$7,000 damages, brought in a verdict this morning for defendants. Our readers are acquainted with the facts. This is the second trial, the first resulting in a hung jury. The arguments were concluded and the jury took the case about noon yesterday.

About Brandt's Unknown Friend's Luck.

The story as told by Brandt, a foreman in Mr. William Lewis's cigar factory in San Francisco, Cal., is, that his diffident friend asked him to act as agent, being intimate, and he naturally accepted the position, with the result of winning third capital prize in the November drawing of the Louisiana State Lottery, for \$1 sent to M. A. Dauphin, New Orleans, La. The number held by the young clerk was 67,853, the whole ticket drawing the sum of \$10,000.—San Francisco (Cal.) Chronicle, December 8th.

School Fund.

L. W. Galbraith, County Superintendent of Public Schools, requests us to say that he has received 40 per cent. of the public fund, and has the same ready for distribution.

The friends of Mr. and Mrs. Will Gibson will sympathize with them in the loss of their infant son, Murray Hall Gibson, whose death occurred yesterday at noon. The remains will be interred this afternoon at 2 o'clock.

The examining trial of the woman, Eva Smith, charged with being accessory to the murder of her infant child, came up before the Mayor of Flemingsburg yesterday, but was continued till next Saturday on account of the absence of witnesses.

Mr. A. H. Knoll, cornetist, left on the noon train for Erie, Pa., where he will spend a short time with his parents before entering upon any professional engagement. He leaves behind him a host of sincere friends and admirers. His courteous conduct and gentlemanly behavior during his stay here will insure him a hearty welcome should he ever return.

Pearce, Cumbers & Co. is the style of the new tobacco dealers that will operate here the coming season.

Time will heal all things. It takes a tough argument to convince a man of this fact after being introduced to the hind heels of a mule.

You are apt to lose all faith in mottoes when you see a man thumping his wife with one having the talmantic, "God Bless Our Home," engraved thereon.

One, two, three and five years small boy with torn trousers, long tailed coat with handkerchief showing out of his pocket. Nobody young man, now.

Fourteen to twenty gross. These are the kind of orders, S. P. Campbell & Co. are kept busy in filling orders for their celebrated cough remedy, Balsam of Tolu and Glycerole of Tar.

The Brown County Democrat is by odds the best paper in Brown County, and straight going to the same. Our veracity would be doubted if we said that about some others.

Four young men from Maysville surrounded by four high collars and with canes to match, made themselves conspicuous by the tabular and attitudes they were trying here on our streets Sunday last.

One stride towards civilization. Aberdeen is sporting a weather bureau now. A defunct toll-gate is a good prognosticator. The code of signals are red streamer and freeze-out flag (black) denoting an unhealthy climate where toll is collected.

How to Save Money,

and we might also say, time and pain as well, in our advice to good housekeepers and ladies generally. The great necessity existing always to have a perfectly safe remedy convenient for the relief and prompt cure of the ailments peculiar to woman—functional irregularity, constant pains, and all the symptoms attendant upon uterine disorders induces us to recommend strongly and unqualifiedly Dr. Pierce's "Favorite prescription"—woman's best friend. It will save money.
